

Mitochondrial ROS quantification

NN Niyonzima Nathalie **TE** Terje Espevik* **CK** Claudia Kemper*

Updated date: Jun 17, 2022

*For correspondence: terje.espevik@ntnu.no, claudia.kemper@nih.gov

 An abbreviated version of this protocol was published in Science Immunology in Dec 2021
Mitochondrial C5aR1 activity in macrophages controls IL-1 β production underlying sterile inflammation
DOI: 10.1126/sciimmunol.abf2489
